Telephone:
Address: 424 River st
Wallace ID, 83873

Name of Utility Company: Avista

Comment: I am decidedly against Hydro-one acquiring Avista Utilities. Public Utility should remain in the possession of the American public NOT a foreign entity. Our resources and facilities are unique and precious to our citizens. I am convinced the merger with Hydro-One, a Canadian company, will not benefit the American state of Idaho which Avista provides for.

Star Idaho, 83669

Name of Utility Company: Avista

Comment: Hydro One has a poor track record in terms of cost control. While rates may not be impacted immediately, using American companies to meet Canadian greenhouse gas cap and trade rules will inevitably result in large rate increases. Hydro One's history shows this. Please do not allow this foreign company to 'use' Avista, and American company, this way - Canada's rules are not OUR rules and it's unfair that we will end up paying their price for them.

Comment: I object to the merger with Hydro One. They are in another country...means they don't really have to follow our laws if push comes to shove and there is a shortage of gas or power. There is nothing to stop them from raising rates in the distant future to a crippling level. And yes, there are regs and rules supposedly in place...but rules and regs have been altered since there have been rules and regs. They have no production facilities and there are too many layers between our power and their administration. Recipe for disaster down the road. I OBJECT TO THIS MERGER!!
